— THE GRAND HOTEL DU PALAIS ROYAL — PARIS, FRANCE

CovetED loves taking you to the best places in the most incredible capitals of this world and since it's always a good time to go to Paris, we will take you to the best Hotel in this wonderful French city: the Grand Hotel Du Palais Royal Paris! Near to the Louvre Museum and its magnificent garden, this Hotel just makes the wonders of everyone who loves décor and a luxury lifestyle. When staying at this incredible Hotel, you're at the very heart of Paris, so places like the Louvre Museum and its beautiful adjacent garden are at a two-minute distance walk. This Hotel decoration is a marriage between the past and the present, which is very typical of the outstanding Parisian style, while staying faithful to the routes of the French luxury living and traditional style. And more, it is an honour to a contemporary and modern living! It is indeed a place you can't miss when it comes to living the Parisian way. The reception is just beautiful, with its simple and yet luxury decor that makes you understand immediately that the priority of this incredible Hotel is clearly to make their clients' needs a priority! Useless to say that each member of the staff is always ready to help you with the elegance and exclusiveness that this Hotel transmits. The decoration in the hall is

also very well thought out. You have the possibility to relax in a division carefully placed near the bar.

The bar in itself just looks absolutely astonishing and, as usual, simplicity made its point! The main restaurant, besides the fact of looking absolutely incredible, serves the best of the French cuisine! Now that you have taken a preview of the magnificence of this Hotel, wait to hear more. It seems to focus only on the well-being of each single customer. You have the opportunity to take care of yourself and go to the gym for a run and enjoy their spa services! But of course, we didn't show you the most important thing, the one that will make you want to book the next weekend at this Hotel straight away: The luxurious suites!! This is the one we stayed at, and we may say it was just absolutely one of our best moments. The quality, the services, everything was just lovely! After climbing the two floors suite, we headed up to a magnificent room with two divisions! Nonetheless to talk about the amazing bedroom and the champagne waiting for us with the typical French sweets! Once you open the doors to the terrace, you are welcomed to Paris with nothing else than the view to the amazing Eiffel Tower!
